MARCH 1

EVENT

The Eco-Salon

On March 1, Lexus was proud to host the final event of a four-market Eco-Salon Series, benefiting Waterkeeper Alliance, at the home of Barbra Streisand in Malibu, California. Robert F. Kennedy Jr., chairman of Waterkeeper Alliance, spoke to guests about the importance of keeping the world's waterways clean and safe for communities and wildlife. Waterkeeper Alliance is an important believer in Lexus's unshakable conviction that every challenge has a solution, and that technology can provide that solution. Lexus's pursuit of perfection continues to put it at the forefront when it comes to innovative solutions that have less impact on the earth.
